These seem to be times of transition. I can't count on two hands all my friends who are going back to school, changing jobs, moving away, divorcing or dying. Each one of them I envy—even the dying and divorcing—for the exhilarating adventures that await them. I've always been the one to leave jobs, friends and lovers. But this time I'm staying. I bought a house.

It's a big house. It's huge, in fact. Four floors, seven bedrooms, three baths. And it was a fuckin' steal at \$400,000.

Now what exactly I'm doing buying half-million dollar houses I don't know. The very thought is ludicrous. I didn't think I could afford a \$150,000 house. I'm a stripper, most of my income is undocumented, and I still live hand-to-mouth.

I've been looking at houses for two years, but the idea of owning has been abstract at best and terrifying at worst. Hell, I've got the world's best rental downtown that is large, cheap and charming. Anything on the market that is comparable is \$200k and up. I thought \$200k was outrageous. "Might as well make it \$400k!" I joked. "I can't afford that either!"

But gradually the idea of owning has become more appealing. My greasy rocker boyfriend's house practically doubled in value in four years. He moved to Spain last year using the equity his house had earned. Another of my friends bought a house ten years ago. She's lived in L.A. ever since off the rental income generated by it. The more stories like this I've heard the more I've realized that home ownership isn't the ball and chain I thought it was, rooting me in Portland for life. Actually, owning a

home can be liberating.

Naturally this realization came three years too late. The real estate market in Portland is out of control. People who bought six months ago are selling at a profit. One friend who bought last summer said her house went up \$10k the moment she inked the closing papers. Everywhere I go people are talking about real estate. It's ridiculous. What is this? New York City?

So I've been looking at houses all summer, driving to St. John's, St. Helens, St. So-Fuckin'-Far-Away I'd need a helicopter to commute to work. It was getting depressing. Prices are crazy everywhere. What you get for under \$200k is a serious fixer upper (i.e. former meth lab). What you get for \$250k is "charming" and in a "hot neighborhood" (i.e. oppressively small and in Vancouver).

Eventually I found a lovely little baby blue bungalow in St. John's, listed at \$210k. I bid nearly ten grand over the asking price but was "significantly outbid" by one of the "many other bidders." I was heartbroken. I called off the search. The Portland real estate market was already too rich for my blood. I had been outpriced.

Enter my brother, fresh out of the army and bursting with enthusiasm to settle in Portland. He convinced me that between the two of us we could easily afford a \$400k duplex. Our mortgage guy agreed, saying that with loans of \$200k a piece we were move-in ready. Between the two of them I actually made a bid (and have been suffering panic attacks ever since).

It is beautiful, though. It has high ceilings, nice porches, awesome views and not one, not two, but THREE clawfoot tubs... It's not in Vancouver and my cats are gonna love it. With a vat of anti-anxiety meds in the medicine cabinet I should be able to enjoy it just fine, too.

Quotes from
Philosophy in the
Bedroom
(1795), by the
Marquis de Sade:

“Nature has endowed each of us with a capacity for kindly feelings—let us not squander them on others.”

“What a weak fellow, this God! How able he was to mold all that we know and to fail to form man in his own guise!”

“It has pleased Nature so to make us that we attain happiness only by way of pain. But once vanquished and had this way, nothing can taste the joy one tastes upon the entrance of this member into our ass; it is a pleasure incontestably superior to any sensation procured by this same introduction in front.”

“Fuck, Eugenie, fuck, my angel; your body is your own, yours alone; in all the world there is but yourself who has the right to enjoy it as you see fit.”

“To lie is always a necessity for women; above all when they choose to deceive, falsehood becomes vital for them.”

“I ask...how a sincere individual will not always founder in a society of false people.”

“...I should cease to be your friend the instant you were to become pregnant.”

“...there is no doubt that we are much more keenly affected by pain than by pleasure...”

“Let us no longer be the dupes of this rubbish: We owe nothing to our parents....”

“Those laws, being forged for universal application, are in perpetual conflict with personal interest, just as personal interest is always in contradiction with the general interest.”

“Is murder then a crime against society? But how could that be reasonably imagined? What difference does it make to this murderous society, whether it have one member more, or less?”

“I say then that women, having been endowed with considerably more violent penchants for carnal desire than we, will be able to give themselves over to it wholeheartedly, absolutely free of all encumbering hymeneal ties, of all false notions of modesty, absolutely restored to a state of Nature; I want laws permitting them to give themselves over to as many men as they see fit....”

“The greatest of men lean toward sodomy.”

“May this example serve to remind you that your daughter is old enough to do what she wants; that she likes to fuck, loves to fuck, that she was born to fuck, and that, if you do not wish to be fucked yourself, the best thing for you to do is to let her do what she wants.”

MASOCH

Quotes from *Venus in Furs* (1870), by Leopold von Sacher-Masoch:

Whichever of the two fails to subjugate will soon feel the feet of the other on his neck...”

“Man is the one who desires, woman is the one who is desired. This is woman’s entire but decisive advantage. Through man’s passion, nature has given man into woman’s hands, and the woman who does not know how to make him her subject, her slave, her toy, and how to betray him with a smile in the end is not wise.”

“But at times he had violent attacks of sudden passion and gave the impression of being about to ram his head through a wall. At such times everyone preferred to get out of his way.”

“He has only one choice: to be the tyrant over or the slave of woman. As soon as he gives in, his neck is under the yoke, and the lash will soon fall upon him.”

“It runs—well—one is either very polite to one’s self or very rude.”

“And every man—I know this very well—as soon as he falls in love becomes weak, pliable, ridiculous.”

“If I am not permitted to enjoy the happiness of love, fully and wholly, I want to taste its pains and torments to the very dregs; I want to be maltreated and betrayed by the woman I love, and the more cruelly the better. This, too, is a luxury.”

“Never feel secure with the woman you love, for there are more dangers in woman’s nature than you imagine.”

“Man, even when he is selfish or evil, always follows *principles*, woman never follows anything but *impulses*.”

“I seem like a little captive mouse with which a beautiful cat prettily plays. She is ready at any moment to tear it to pieces, and my heart of a mouse threatens to burst.”

“‘Very well then, be my slave,’ she replied, ‘but don’t forget that I no longer love you, and your love doesn’t mean any more to me than a dog’s, and dogs are to be kicked.’”

“Pleasure alone lends value to existence; whoever enjoys does not easily part from life, whoever suffers or is needy meets death like a friend.”

“‘Each one of us in the end is a Samson,’ I thought, ‘and ultimately for better or worse is betrayed by the woman he loves, whether she wears an ordinary coat or sables.’”

“But the moral?”

“That woman, as nature has created her, and as man at present is educating her, is man’s enemy. She can only be his slave or his despot, but never his *companion*.”

“The moral of the tale is this: Whoever allows himself to be whipped, deserves to be whipped.”

COCK ROCK

If it's September 1st, you're in luck. Old Portland punk favorites **The Gnash** are reuniting for one night of mayhem at the Towne Lounge. Featuring members of Tough Love, The Neins and Diamond Tuck and The Privates, The Gnash has been compared to "a shitstorm pouring out of your ass" and is the sexxiest, snarliest band this town has ever birthed. No one drinks more Old Crow than these motherfuckers. 9pm *FREE*

BACK TO SCHOOL BASH!

Lush and *Exotic Magazine* are going back to school in style. Don't miss the **Naughty Schoolgirl Party** on Friday, September 23rd at Lush. Free admission to all, whether you're naughty or nice!

LAP DANCE LIBERATION FRONT

Last month in Seattle over 100 strippers appeared in front of City Council to protest a proposal preventing dancers from touching customers. The girls, who make almost all of their tips from lap dancing, argued that the regulations would put them out of business. Meanwhile, in Portland, a group of strippers at a popular eastside club walked out when management upped their stage fees and put surveillance cameras in the dressing room. Cheers to these gutsy broads for standing up to the Man. Thank god they still make chicks with balls on the West Coast!

MISSING A BOYFRIEND?

If you're wondering where your loser boyfriend is, chances are he's at **DV8**. This club knows what boys like! \$2 shots of Jim Beam, \$2.50 Jack & cokes and \$1.50 pounders of Pabst EVERY DAY and a free buffet from 6pm-8pm. There's live music every Friday and Saturday night and a **Best Tits & Ass Contest** every Wednesday.

MISS LATINA CONTEST

J.Mack strikes again! Our boy J. is throwing the hottest party of the month on Thursday, September 15th at **Gata Salvaje**. Watch as Portland's sexiest Latin ladies compete for the crown!

22 | september - exotic magazine

R.I.P. SUMMER

There's always a reason to throw a party, as Jody's **Last Day of Summer Party** on September 21st proves. Jody's is also the place to catch Monday Night Football... unless you want free **all-you-can-eat tacos**, in which case you should hit the Pallas, which is also throwing an **End of Summer Party** on Saturday the 24th.

Finally, Wildcats is featuring hot nights all month long as part of their **September to Remember**. Every Wednesday is amateur night from 6pm-2am, every Thursday you can Name That Tune for prizes, and on Sundays play Texas Hold'Em. And for pete's sake don't miss the aptly named **Dancer Night** on September 10th at Club 505 & the 92nd St. Club.

NEW KIDS ON THE BLOCK

Exotic welcomes two new adult businesses to the fold: **Passionate Dreams** lingerie modeling studio on—you guessed it!—82nd Avenue and a new **Fat Cobra Video** on fabulous Highway 30!

ROCK, etc.

9/3 GARBAGE @ schnitzer
9/8 BRIAN JONESTOWN MASSACRE @ dante's

SORRY! WE FUCKED UP!

Due to miscommunications between Exotic's Portland and Seattle offices, model Athena Blaze who appeared in the Union Jacks add was erroneously cited as Miss Nude Oregon 2005. This seriously pissed off one guy. Exotic regrets the error.

BOWLING FOR DIVAS, PART 2!

To the all-nite cats at Mike Watt Bowl you are "The Man"—a beacon in the dark & blight—our mentor and guide to the by-ways and hi-ways of divalogical wisdom—of opera as a way-of-life experience...many thanxs! It bums us royally that Kiri Te Kanawa has SLIPPED of late—jeepeers!—like bowling shoes on greased banana peel—to the point where our league play is headed down the sewer...woe is us. Before our average sinks to double digits we could USE your expert assessment—your timely TK valuation. Would you still fuck her?

You boys must be psychic; the "Kiri Kwestion" has been an impasse to my normal functioning too. While it may be tempting in various contexts to fuck the fallen (La Traviata, eh?), to cut to the chase at hand: NO, I wouldn't fuck her. But I still would eat her.

The pin-pounders at Lowenbrau Bowlaplex would hate to quibble with your analizational scrutiny of the vocal-istic fortes & foibles of Eyetalian aria-slingers of deed & renown—no siree! But what about the KRAUTS? There are two in proticular we're dying to read about: Elisabeth Schwarzkopf and Kirsten Flagstad. Would you fuck them?

The crude vulgarism Krauts refers, I presume, to a full horn-helmeted spectrum of Deutsch-accented yodeling Snow Queens: Teutons, Vikings, Scandihooivians. There's no disputing the broad appeal of poon, Fräulein style. No less an expert on Nordic poozle than Dr. Freud has written glowingly of the Penis "n/V" (nicht Vorspiel)—literally, penis without prelude—of those bawdy Brünnhildes who will grab at your whanger w/out so much as a how-dee-doo...jawohl!

Ja ja. But 'fore you trust your kingsnakes to the grabbers in question, I am duty-bound to lay on you a datum of Factual reality, one beyond refute but lost!, per-adventure, in the fog banks of soprano-vagina'd Eternity, effaced and relinquished to the Isolde-vulv'd Tristan chords of Lethe. Reality-based datums can be important, my comrades de bowl, so take a seat—this is a stunner:

Once upon a litre of Liebfraumilch, BOTH yodelers at issue were NAZZIES!—one a National Socialist PER SE, the other a "sympathizer"!... yikes-a-mighty!

KARMICALLY speaking, it isn't good POLICY to fuck Nazzies. Operatical gratification is one thing, fine—what harm, a little listen?—but actually sticking it to these hussies could and would be a whale-diz of a mistake. Fuck 'em, the logic of Fate decrees, and YOU become a sympathizer too!

Noble, sensitific bowlers, like you pin-men clearly seem, would hate yourselves later on. Even if y'only come on their tits or thigh, self-hate is bad ju-ju.

Political and moral reservations aside, common cocksense dictates diligent precaution. Should you be balmy enough to bunny-hop with either snow bunny, all I can say is watch out!

Nazzies are noted for their VICIOUSNESS and CAPRICE. Sure, we're all "tough guys" here; hops with slithering sinister she-creatures may be our bread & butter; but alert y'all I must: forewarned is fore-armed.

While I know of no concrete EVIDENCE of these she-devils having hacked, slashed or lopped any-one's lizard off, the byword when cavorting with 3rd Reich viragos should be "Safety Fucking First." Lest your unit end up mounted b/side rusted iron crosses and faded lithos of Wotan and Goebbels, I suggest hiding all cutting implements on the premises, including pencil sharpeners and nail clippers—even nail files!—don't say I didn't warn you. Guys!—it's

your one and only! You just might need it for a rainy day.

So this ain't a total bummer for you Teut touters out there, allow me to volunteer you a torrid, sexciting substitute Laplander: Birgit Nilsson. She's no Nazy...and she never would schnitz your schnitzel.

Do her, she's good!

I can't believe that the summer is almost over, but since it is, I'll be sending a couple of catz back to school in this article! Plus I'll be givin' y'all the scoop on the "Ms. Latina Contest" that I'm hosting this month! Ooooh Weee!!! On top of that my Honey of the Month is a Porn Star!!! Let's get it started...

First Up — Like Father, Like Son

The Back to School Special

This is the story of two married men who happen to be the biggest two "odd balls" in Portland's adult industry history. They are better known as Mr. Sexual Harassment Sr. and Mr. Sexual Harassment Jr. I had a business agreement with dumb and dumber that they went bad on. I gave the perverts a chance to fix it but the punk little youngster had an ego bigger than his daddy's appetite for minors. While working at the club with these fucks, I witnessed shit that they probably wish I wasn't writing about right now. I would have let it go, but Jr. wouldn't meet me even halfway. That's why I'm telling it like it was, and how it probably still is. Dirty Old Man & Son thrive off of chicks that are in desperate situations. You want a job baby? So do they if they hire you, and you know what type of "job" I'm talkin' about. How can you horny ass hypocrites honestly tell customers that they can't touch the ladies inappropriately when that's all you two motherfucka's do???. Then if they don't want to suck on your little married dicks, or let you grope on them, you fire them and pursue other potential victims! Shame on you!!! Both of you so-called business men are dirtier than your cum stained carpets, and the cockroaches in the fuckin' basement of the place you call a club! To any chick that's currently going through any type of bullshit like this, here's the Sexual Harassment Hotline Number available 24 hours a day, (503) 235-5333. You can also email your story to me at whatzcrackin_J@hotmail.com and I will put 'em on blast again!!!

Next Up — The Ms. Latina Contest

That's right Portland! On Thursday, September 15th, 2005, I will be hosting the Ms. Latina Contest at

whatz crackin'?

by j.mack

Gata Salvaje located at 633 SE Powell Blvd. This is a citywide invitation to all Latin women. We will be giving away over \$500 in cash and prizes to the 1st, 2nd and 3rd place contestants. There will be several celebrity judges at this event as well as some live entertainment. The crowd will decide who is crowned Ms. Latina. The winner will be featured in my column next month. If you have yet to check out the city's newest gentlemen's club, Gata Salvaje, make sure you're at this event. It will definitely be on and "Crackin'!!!" For contest information please call (503) 234-0806.

Honey of the Month — Melodee Bliss

This fly ass chick is not only this month's Honey, but she is currently one of the only black female adult film producers in the business. Melodee has also been featured in several movies herself. She can also be seen in my partna Young Lyfe's music video "Bounce Wit Me" now playing on BET Uncut. Keep it Crackin' girl!!!

Every player has them—a few items that can be used for S/M but that don't really fit the definition of "toys". A friend of mine spent the entire course of a relationship being abused by such implements 24/7. She called them 'pervertibles'. Whatever you call them, playing with them is one hell of a good time.

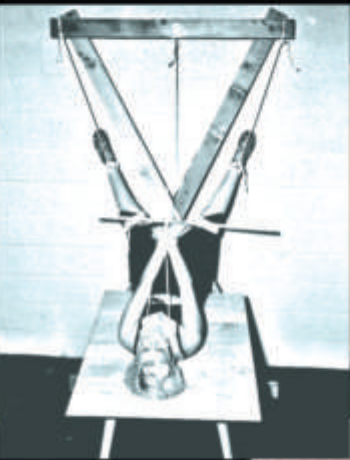

The first pervertible I like to use is rope. One of my favorite things to do is to tie a harness around a submissive's breasts, compressing them. To tie a rope harness quickly and properly is not difficult, but you need to practice on something first. Barring a human, a dressmaker's dummy or mannequin is useful. Speaking from some embarrassing experiences, not having enough technique can screw things up hugely. I recommend VERY strongly checking out a website (nawashibari.com is a good one) before you attempt to tie one. It isn't difficult to do, but there is a right way and a wrong way and you can really hurt someone if you do it the wrong way.

Although in rope bondage you would typically use rope to tie a sub's arms behind her, for our purposes we will use the next pervertible on the list: duct tape. The dull gray, inch-and-a-half or two-inch type is best. You might want your sub completely depilated for this; then again you might not. Whatever pleases your sadistic little heart. Pull her arms behind her back and draw them up slightly, not hard enough to really hurt but enough to be physically uncomfortable. Communication is very important here; when your sub uses her safeword or even if you hear that certain squeak that means, "Too much!" let off immediately. You have to be able to read your sub, and she has to trust you completely. Most subs feel extremely exposed in this position, kneeling, arms drawn back, torso leaning slightly forward, breasts jutting out and beginning to ache.

The proper way to duct tape a sub's arms behind her is to simply have her put her hands together, fist in fist, and straighten them. Run a length of tape around her upper arm, then wind the tape down her extended arms. You want it tight enough so that she can't move, but you don't want to press her arms together.

Now the sub is immobile. This is a good time to touch her. Use a light, caressing touch (a feather on the breasts drives some submissives insane, especially if you've used a crotch rope). Keep your voice soft, light, and even. A common Dom-ly trick is to describe what is going to happen in general terms without being specific: for example, "I'm going to beat you until you scream," when spoken softly and gently with your fingertip running down her cheek can do wonders to ramp up her feelings of fear and your feelings of power. A light slap of her face is not uncalled for. Now is a good time to get a blowjob if you want one. You may find that you last longer when she doesn't have her hands to cheat with. Teaching her to deep throat is useful, but beyond the scope of this article. The point is to let her know you are in charge by creating a lot of powerful emotions inside her—fear, love, sexual lust and arousal. You want to manipulate, to "play" her feelings like a violin. You want her to understand that you control these feelings inside her—their creation, manifestation, resolution, and release are in your hands. You want her to really know that she can't do any of it herself; her only hope of the release she craves is to relax and let you do things.

I'm a big fan of Vick's Vapo-Rub. When applied lightly to a sub's cunt lips, it burns powerfully but causes no lasting damage. Also,

of course, rubbing some on the distended nipples of a recalcitrant sub who refuses to open her mouth so that her Master might use it for its intended purpose can be a wonderful way to help your sub relax and know her place. Always keep your voice gentle, pleasant, and even. If the sub can manipulate you into losing your temper then she is topping you.

Another thing I'll mention as a "budget bondage" item is a breast flogger that can be made out of shredded bungee cord. Don't try to use it as a punishment; instead, reserve its use for that special woman who likes deep sexual pain. Flogging a sub's distended purple breasts with this can have her sobbing, begging, and eventually slipping off into sub-space. How can you go wrong? (The instructions for this can be found at sarofreve.com)

Another great thing to use on a submissive are clothespins. Using them to clip her tits, nipples, labia and thighs can be a wonderful way to heighten sensation. Again, clipping her nipples and running over her breasts gently with a feather can make a properly inclined woman mad. Tugging at clothespins attached to her nipples, stretching her nipples and breasts . . . she'll scream for more.

Of course, there's the pervertibles everybody knows about: ping-pong paddles, long-handled hairbrushes and so on. But did you know that you can turn the most stubborn woman to putty in your hands with an ice cube? How? Simple. Stimulate her clit and pussy. Use your tongue, your belt, your fingers, anything. Get her to the point that she is begging for orgasm, then surprise her. Grab an ice cube and ice her down. Make sure she's properly bound, though. Do this twice and on the third time let her come. Men talk in the locker room; women talk on the phone. An ice cube and a skilled tongue is a great way to make yourself the topic of some of those phone conversations.

Banjo picks are also a great pervertible. Banjo picks? No, I'm not about to devolve into some bizarre *Deliverance*-style fantasy. What you want are metal fingerpicks, preferably steel. You can get them online at musiciansfriend.com. Buy five of them—they are about two bucks each for really good ones—take them home, put them on your fingers and you'll find that you have . . . claws. Do I have to explain to you what to do with these? Again, be gentle. Quality is always more important than quantity. Run your fingers down her back, over her ass, then grab a handful of ass and slap it. Examine the color. Is it to your liking?

Two things I have to note at this point, because there is always some screwball with the brains of a dust mite waiting for articles like this so he has permission to fuck everything up for the rest of us. Saying things like "I'm going to beat you until you scream" and making your sub afraid should only be done when two people really, really trust each other. Don't do it with that chick you brought home from the bar or the girl your buddy set you up with (at least not the first time you sleep together) unless you want to find yourself in prison, being beaten until *you* scream. Judges do not like that shit and no jury will believe she consented. I urge you not to test this point of American law unless you want to find yourself doing heifer service for a large man named Bubba and his friends. Communication during all the things I talked about is important, as is knowing your sub and how she reacts to things. You want to watch her for signs of panic and rapid breathing. Be safe and keep a first-aid kit with EMT snips nearby.

Another point that I neglected as it is slightly outside the scope of this writing: for God's sake, bring the girl to orgasm. You can do it when she's bound, but you'll want to do it (after a proper amount of begging and pleading) or you'll be faced with a seriously crabby woman for a week. How would you like it if someone did it to you? Oh—and after you've both had your fun, hold her. Lie with her, touch her, and let her know you love her even though she likes the things you just did to her. That's one of the most important things you can imagine.

"I'm a big fan of Vick's Vapo-Rub. When applied lightly to a sub's cunt lips, it burns powerfully but causes no lasting damage."

HEY BOYS AND GIRLS! SINCE THIS IS THE BACK TO SCHOOL ISSUE, HERE'S A SMALL LESSON IN MONOGAMY.

My friend Barry was a rock singer who became a manager and is now a high-powered industry type working for a massive record company. Even after he became "The Man" we remained super tight. I didn't hate him until he got married.

I don't actually hate Barry; his wife hates me. She hates any female she can't see when he goes anywhere without her. This is tricky, since part of his job is to go out to clubs and see bands almost every night. He's tried to take her along to ease her paranoia but she always ends up getting wasted and accusing him of wanting to fuck everyone from the bass player to the coat check girl. My being female (read: dirty scheming man-stealing whore), there is no way Barry will ever be allowed to see me or any of my shows when I'm in LA.

He could be a man, stand up to her and demand some personal freedom, but I doubt that will ever happen. I'm afraid I may never see my friend Barry again because his wife apparently, on their wedding night, went down on him, gobbled up his balls and slurped out his backbone. Sad.

I've heard some silly strict and old-fashioned vows at weddings, but I've never heard, "Will you never go out where women might be or have any fun, anywhere, ever again from this day forward until you kill yourself or wife?"

This society pushes sex and freedom on us at every turn. However, there remains the old stalwart expectation in us all to find The One: The One who completes us, The One with the answers, The One with the ass that won't quit, The One to keep us in the lifestyle to which we have grown accustomed, etc. When you find The One, you'll "Just Know" and then you'll get married, marriage being the ultimate validation of a romance.

Utter crap.

Despite my opinion of marriage, I'm certainly into monogamy. Besides the pleasure of farting in bed with someone, monogamy is a medical necessity these days. Once you both get a clean bill of health and the birth control is well established (or not) you can enjoy the beauty that is condom-less fucking. The thing that sucks about monogamy is, well, you don't get to fuck other people. BUT you don't get embarrassing bumps, weeping cracks or unsavory odors either. (Not to mention diseases that can kill you like babies.)

The desire to permanently pair with someone is natural. We all want love and there is no shame in that. The shame lies in the shit people will tolerate to maintain a semblance of security, from the battered wife to the pussy-whipped sucker, the cuckold, the doormat, the Barry. Don't even get me started on girls who lay the ovarian snare on guys: getting knocked up to keep a guy or to "save" a relationship. Ladies, if you aren't interesting enough to keep a guy around for the long haul in the first place, packing on thirty plus pounds and pushing a screaming pink shit machine that requires an extra \$500.00 in monthly income out of your now-tired hole isn't gonna make you any more appealing.

At the risk of sounding old (or at least old fashioned), the most important love in your life should be yourself. Whitney Houston rocked that phrase at the Grammy's but she still gets high and smacked around by that ugly brother she's married to. You need to really be OK with yourself, by yourself so no one can ever manipulate or hurt you with the battle cry of "But I LOVE YOU!"

As for Barry, I can't see a marriage held together by guilt trips and drama lasting very long, so I'm sure I'll see him one of these days. He'll unexpectedly show up at a gig with his tail between his legs where his testicles used to be (I foresee him losing those in the divorce).
